

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how long and tedious it will really be to clean-up right after a party, without help from machines. Not too long ago, the dust from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the leading cleaning products during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in 1906, he started to produce motors to be able to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to have an international company advertising products worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This invention came in a time where numerous cleaning equipment were huge and needed 4 or more operators, thus, the Nilfisk C1 changed everything and evolved the method we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing problem; stuff get dirty and must be cleaned frequently, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew through the years. During the nineteen eighties, this growth actually took place the time the business became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be amongst the biggest global players in the market of professional cleaning equipment. Nilfisk-Advance is currently found in every part of the world due to gradually obtaining many smaller companies to be able to develop their product selection and presence in new markets. They are really proud to offer different cleaning solutions to suit each need.
