

TCM Forklift Part

TCM Forklift Part - In the global trade of material handling, lift trucks play an important part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread internationally.

In 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply called TCM Corporation. Throughout the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
